新型態模式

#NewModePattern

團隊由AI領域專家和聯覺能力者組成，以人類的「五感」為基準，研發出聯覺技術，將兩種或多種感官的感知在某種程度上交互影響並產生聯繫，讓人們能夠感知到不同感覺之間的交互關係。我們期待每位遊客都能同樣地感受到樂園帶來的刺激與歡樂。

Our team, consisting of AI experts and those people with synesthesia abilities, has created synesthetic technology that links the human senses. Our goal is for every visitor to enjoy the park to its fullest, experiencing the thrill and joy it offers.
